

GONDOLA

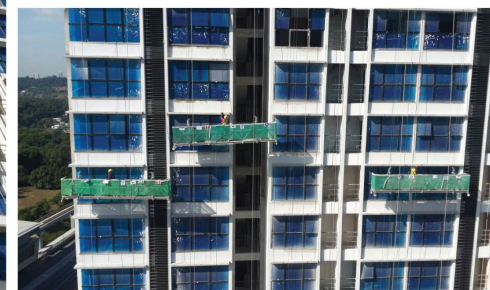

Suspended Access Equipment (Gondola) Building gondola, an ideal equipment for building facade construction, decoration installing, cleaning, painting, maintenance, ship building, elevator installing, big size tank, bridge, embankment and chianney construction and repairing. It can be adapted for parallel traction, heavy materials lifting and hanging in many industries. LTD series hoist is easy for operation, flexible for moving, reliable in safety. We sell and rent the complete gondola system with the following items:-

- LTD series hoist
- LSB30II safety lock
- Quality gondola wire rope and electrical cable
- Electrical control system
- Gondola Anchorage System (Semi-permanent Bracket System Installing)
- Aluminium or mild steel galvanized gondola platform in length of 1m, 1.5m, 2m, 2.5m and 3m for combination to required length with engineer's approval.
- Special platform design to suit the building requirements

IRON CAST
HOT GALVANIZED STEEL
WITH CONCRETE

- Unique Hot-dip galvanizing technology
- Strict material guarantee
- Consummate design and manufacture concept

ZLP series of nacelles for upper-air that developed by xinghe Industry co.,Ltd., is a type decoration machinery, it can replace the traditional scaffolding and is mainly used in the wall construction, decoration, cleaning and maintenance works for the high-rise and multi-storey buildings.

- Simple manipulation with easy and quick installation.
- A number of security measures to ensure the safety and reliability of suspended platform.
- The special suspended platform steel wire provides safe and reliable safeguards for platform.

HOT GALVANIZED STEEL

ALUMINUM ALLOY

ITEM	ZLP 250	ZLP 500	ZLP 630	ZLP 800	ZLP 1000
Material	Aluminum alloy / Hot galvanized steel				
Lifting Height	100m				
Rated Load (KG)	250	500	630	800	1000
Platform size (m)	2.5	5	6	7.5	7.5
Hoist	LTD63			LTD80	LTD80(S)
Voltage	220V/380V/415V		50/60HZ	Single/3 phase	
Power	1.5KW			2.0KW	2.2KW
Safety Lock	Anti-tilting LS30				
Diameter of Wire Rope	8.3	8.3	8.3	8.3	8.6
Counter Weight(KG)	25KG*4
